

# ENHANCING THE HUMAN EXPERIENCE WITH AI

**"I AM AI"  
TARYN SOUTHERN'S  
ALBUM PRODUCED BY AI**

**\$432,500**

**AI ARTWORK SOLD  
AT AUCTION**

## 8 USE CASES

### RECREATE AUDIO

AI software can recreate voices blurring the lines of what's real vs AI voice.

### MUSIC CREATION

AI can analyze multiple layers of data, creating music ranging from pop to jazz and more.

### HELP WITH WRITING

AI can be trained with past text to find trends and write news articles, poems, scripts, and more.

### CREATE FILM TRAILERS

AI can create original film trailers by automatically selecting scenes and suggesting music.

### RECREATE PAINTINGS

AI algorithms can learn various styles of painting like Impressionism and then recreate paintings in the same style.

### ASSIST WRITING PROCESS

AI can gather relevant, accurate facts and put together a first draft.

### DESIGN WEBSITE

AI makes website design process fast and cost effective, creating starting points and suggestions.

### GET INVENTIVE WITH FOOD

Users enter ingredient choices and AI suggests best accompanying ingredients and recipes.
